Is this may concern

In regards to closing our Volper Post Office, I feel this is a terrible waste. We only have this one business in our town. People that receive medication and checks through the mail will now have to stop home until the mail is delivered preventing mail box thefts. We love our Post Office.

In regards to our meeting to voice our opinions at Post Office. We didn't get our questions answered at all. Their response was "That will have to be answered by Home Office." In fact when our acting Post Mistress was ask a question by a patron, she answered and was told "you were supposed to keep your mouth shut." That was a mutual threat I feel like you sending those women here to "Hold a meeting" Was a waste of taking a bath. I was very disappointed in your office if the women saw our meeting. Thanks We need ~~our~~ our Post Office very much. Karen Brown
